Custom Home Health provides CareLink® medical alert services to all at-risk patients we serve.

As a valued patient of Custom Home Health, you can now receive a CareLink® medical alert system for a **full 60 days of service at no charge**, with none of your financial information recorded during the trial period.

Upon admission to Custom Home Health, you will be given the opportunity to have a CareLink® **device professionally installed in your home**. At the end of the trial period, you can choose to have the device removed or continue the valuable service at a special, low monthly rate without a contract or hidden fees.

The CareLink® service provides you with access to assistance 24/7, allowing you to remain safe and independent in the comfort of your own home. Knowledgeable, caring staff will offer you assistance at the **simple touch of a button on both wire and wireless devices**. This level of service provides peace of mind to you and your family and/or caregiver.

2 Simple Steps to Use CareLink®:

1. Press the button on your pendant
2. Speak with a trained, caring professional who will summon the assistance you may need and stay on the line with you until help arrives

Important Statistics to Consider:

- 1 in 3 seniors fall each year
- 82% of falls happen when the individual is home alone
- 73% of medical alert users were able to be assisted in their home and avoided a hospital admission
